Let me tell you what I do when my day is over.
After picking the right clothes for about an hour.
Oooh, I'm turning orange from all the carats around my neck.
Tonight, I'm takin' out the bling and I'm dressed to impress.

I'm gettin' ready for my night out on the town.
I'm lookin' hot cuz you know we are holdin' it down.
Rockin' high-tops and sayin' no to stilettos.
Cuz I might get drunk off my ass and I don't wanna fall.

Out on the streets all the taxis are showin' me love.
Cuz I'm shinin' like a princess, in the middle of thugs.
And at the clubs, the bouncers recognize my face.
So while your waiting in the line, we just enter the place.

Lets get this party started right,
Lets get drunk and freaky fly,
You with me so its alright,
We gonna stay up the whole night.

Lets get this party started right,
Lets get drunk and freaky fly (ey-ey-ey-ey-ey-ey-ey-eyyyy)

I'm callin' all my ladies at the table of 3.
Throwin' back a couple bottles and then the tabs on me.
Having some giggles then we start to getcrazy

Table dancin, smashin glasses, its nice to get naughty.
Now we all ready to head out of the VIP.
I'm lookin' good and I can feel that all eyes are on me.
Its time to show how em how we do on the floor.

So while the DJ play my track I want my girls on the floor.

Now you know I made an anthem for all my hot chicks.
And I aint about how we girls are raisin' your dicks.

I got the surround sound so why ya wanna see me fall?

I'm just tryin' to have a blast and I ain't takin' your call.

Lets get this party started right,
Lets get drunk and freaky fly,
You with me so its alright,
We gonna stay up the whole night.

Lets get this party started right,
Lets get drunk and freaky fly (ey-ey-ey-ey-ey-ey-ey-eyyyy)

You know all the flyest ladies are on my team
and we know how to make that nice,hot fucking scream
we getting ugly In the club we look a little trashed
but all the ballas in the club no we still got that class

I'm bringing the weirdest crew at the after- party
just got in the hotel room and this is getting started
better wake the fuck up cause' were not here to sleep
our fleet is hiked up in this bitch and I'm banging this meat

You and you, c'mon lets take it to the next level.
Lets all go to the hotel pool as we finish the bottle.
Maybe kiss and don't tell, its the rule around here.
You must have me under a spell I lose control when your near.

Lets get this party started right,
Lets get drunk and freaky fly,
You with me so its alright, We gonna stay up the whole night.
Lets get this party started right,
Lets get drunk and freaky fly,
You with me so its alright,
We gonna stay up the whole night.
