You with your lion heart I see
You for all of the gifts I know you're giving
You with your looking glass so clean
Who's got you spun out to sea, spun out far from me

I, I, I, I, I, I, I wished for you
For you
I wished for

I, I, I, I, I, I, I wished for you
For you
My wish came true

Blew out the sky to find your way
But instead all the stars they glitter just to fade
I try to find out what you need
But you are spun out to sea, spun out far from me

I, I, I, I, I, I, I wished for you
For you
I wished for
I, I, I, I, I, I, I wished for you
For you
My wish came true

Even as our stars collide
I can't see you at all (all...)
And I'll wait 'til our stars align
I'd love you that long (long...)

I, I, I, I, I, I, I wished for you
For you
I wished for

I, I, I, I, I, I, I wished for you
My wish came true
I wished for

I, I, I, I, I, I, I wished for you
My wish came true
