Hello Boys and Girls this is Allastaire COokie
Welcome to Monsterpiece Theatre
babababa bababababababababababababab
Wanna hear a little story? About the war and the glory
of one big ugly family?
Living in a bell tower that's full to capacity?
See there's this batman and he's got no skeleton and
he's got five shadows and they're pinning him to the
ground.
self-loathing shadows and their pinning him....to the
ground
and now I've got Facial Discobedience x2
His sister's out there for revenge she got hurt once now
she's gotta hurt again, doesn't even want to do it and,
she hates herself for doing it and she wonders why she
wonders why the siren wonders why
She has to transfer the sh-t some moron gave to her,
she flies from one set of shoulders to the next, she can
feel the grip of the handle where the knife ends...on
her neck.
and now I've got facial disobedience x2
Bells are ringing, the bats are screaming, its open
season, up in the belltower and in my head and
everywhere
And that's the story, of the war and the glory, sign up
for your death so you can march unto the lead and try
to hold onto your head until you die.
