Ba ba ba ba ba ba ba ba ba ba ba ba ba ba ba ba ba ba ba ba ba ba ba ba ba my life till now has been filled with doubt here I am because there's no other place I can go but I can see you're a lot like me so maybe you know somewhere people like us can go where we won't get kicked out cause we've got a lot to talk about after years of research I think I've figured it out: it's the little things that get you down it's the bigger things that you can't get around and it's way too flat on the middle ground but everything else is wide open so let's go ba ba ba ba ba together. Teacher please, don't be such a tease, give me some kind of sign not detention this time the things that we used to do have been turned into a zoo by people who say all the things we used to say and if we say them again then we're gonna sound just like them after years of remorse I've finally taken it in it's the little things that get you down it's the bigger things that you can't get around and it's way too flat on the middle ground but everything else is our oyster, everything else is a picnic, everything else is terrific so let's go ba ba ba ba ba ba ba ba ba ba ba ba ba ba ba ba ba ba ba.
