float like a butterfly, sting like a bee!
too bad I'm not Mohammad Ali!
I'll knock you out! truth or dare!
candy man! candy man! are you scared!?
freeze tagging all night long! I never win!
how about we go outside and play again.
we never pay attention to our curfew at all
that's just how all of us rebels roll!

we love bunnies and kittens and flying kites at the park
we love the cute boys but hate the dark
living life in the cute lane, anime and board games
but seriously, we think the dark is really lame
cowboys, indians, lions, tigers, and bears
fun days at the zoo, carnivals, or fairs
we don't need school. just summer all year long
our lyrics are simple so everyone can sing along
