we're 1-8-fuckin'-Z! we never miss a beat
listen to this shit we got! it's really fucking sweet
Super Mario on the station, we don't use the cheats
pick up that controller, get ready for defeat!

taggin' up the spot and running from police!
the same thing every day, it won't ever cease
we want to commit crimes! why can't we make peace!?
we're just trying to advertise our next release

party in the bathroom
party in the hall
someone is puking in the bathroom stall
jumping on the couch
and spillin' on the floor
and now the cops are knocking at the front door
party in the bathroom
party in the hall
someone is puking in the bathroom stall
jumping on the couch
and spilling on the floor
and now the cops are knocking at the back door
