c'mon kids you know you want to party
just be sure to not bring bacardi
we are the kids who are posi here
so remember to bring some root beer

we are the kids who control your heart
our controllers are doing their part
with a slight push of a button
you know you're booty will be bumpin

get crunk!

my room always welcomes the downs and jesse
jackson
and at the end of the night, everyone's getting action
meet the brian peppers of my high school
i know this girl that thinks old men are really cool
