Astral America
La, la, la, la, America
Astral America
La, la, la, la, America

I shall not cease from mental fight
No politics will see me right
No man in space, no space in man
A God shaped hole in a God shaped land

Astral America
La, la, la, la, America
Astral America
La, la, la, la, America

Use up your body, sister, sublimate
Burn up my brain to an Empire State
Liberate me me me domine
Blow me away like J.F.K.

Astral America
La, la, la, la, America
Astral America
La, la, la, la, America

Astral America
La, la, la, la, America
Astral America
La, la, la, la, America

Astral America
La, la, la, la, America
La, la, la, la, America
La, la, la, la, America

Astral America
La, la, la, la, America
