Pain is a close up  
And happiness a long shot  
Pain is a close up  
And happiness a long shot

Your consciousness is  
The only censorship  
Your consciousness is  
The only censorship

You wake up  
You shut down  
You wake up  
You shut down

Pain is a close up  
And happiness a long shot  
Pain is a close up  
And happiness a long shot

Love is a virus  
It breaks your system from within  
Love is a virus  
It breaks your system from within

Your consciousness is  
The only censorship  
Your consciousness is  
The only censorship

Time is a jet plane  
My life is burning up  
Time is a jet plane  
My life is burning up

Pain is a close up  
And happiness a long shot  
Pain is a close up  
And happiness a long shot

You wake up  
You shut down

You wake up  
You shut down

Your consciousness is  
The only censorship  
Your consciousness is  
The only censorship
