I'm a little sentimental dear  
I kinda want you near  
Let's spend the entire afternoon  
Waiting for the moon  
Together with the pirates

There's nothing 'bout my parents I would want to  
emulate  
When bodies form a line the streets begin to saturate  
And I don't want to go to bed it seems like such a waste  
Pack your things we're leaving right away

Just you and I  
To a place, In memory  
Just you and I  
Back to when, We were free

Let's make promises and stay up late  
Potential candidates  
Of what it's like to fornicate  
An awkward moment, curtsy and a bow  
Open up your mouth  
So we can take a trip now

They'll always ask you what do you, want to be when  
you, grow up  
But you can take them by surprise, look them in the  
eyes, and say  
A child
