No one dies of a broken heart
All you need is to know what you want
Say what you want, what you want from me
And it will come to be...

Tonight, I'll lead and you will follow
Tonight, the time has come at last
Cuz what you believe is a mystery
It will unravel
And what you dream will come to pass

You become what you believe
It's a world of possibilities
You can touch what you cant see
Be open to receive

C'mon put your thoughts in action
Can you feel the power of attraction
We become what we imagine
Use your power of attraction

Whatever you want, whatever you need
It will become what you believe

It might be so close you can taste it
Or right there in your open hands
The universe is unrehearsed
So make it what you want
Picture you and me as energy
And turn it, and turn it on...

I need you, I want you
And you want me, don't you
Use your power of attraction
