I am so ashamed  
Lying here again  
I am not really here  
Just body and skin  
Starting to undress  
Not even a kiss  
Never thought that I  
Would be a girl like this

I am not happy  
I am scared to be alone  
Stranger by my side  
I only wake up cold

Wrong place  
Wrong one  
Wrong face  
Wrong time  
One day I'll be  
Good to me

I am not ashamed  
Don't put it in my head  
I know I am too good  
To be lying in this bed  
Swallow bitterness  
Choke on emptiness  
I swear that it's the last time I'll be a girl like this

No more darkness  
I'd rather be alone  
Stranger by my side  
I only wake up cold

Wrong place  
Wrong one  
Wrong face  
Wrong time  
You'll see I'll be  
Good to me

I am better than you know  
I am better than I know

No more darkness  
I'd rather be alone  
Stranger by my side  
I only wake up cold

Wrong place  
Wrong one  
Wrong face  
Wrong time  
This place

Can't look

Your face  
It's time  
You'll see  
I'll be  
Good to me
