i was running late for work  
so i didn't change my shirt  
and the evening's drinks  
left a lingering taste in my mouth

and when i left, you were fast asleep  
tangled in the sheets, and on the bus  
i could have sworn it was all a dream  
it didn't happen to me

and then i felt the scrapes  
from a slippery subway grate  
oh, how you laughed  
at my complete lack of grace  
but i could not recall a more perfect fall  
'cause when i looked up into your eyes  
it didn't hurt at all

and i thought, be still my heart  
this could be a brand new start with you  
and it will be clear  
if i wake up and you're still here with me  
in the morning

and i thought, be still my heart  
this could be a brand new start with you  
and it will be clear  
if i wake up and you're still here with me  
in the morning

be still my heart  
this could be a brand new start with you  
and it will be clear  
if i wake up and you're still here with me  
in the morning
