Grow old along with me

The best is yet to be

When our time is come

We will be as one

God bless our love

God bless our love

Grow old along with me

Two branches of one tree

Face the setting sun

When the day is done

God bless our love

God bless our love

Spending our lives together

Man and wife together

World without end

World without end

Grow old along with me

Whatever fate decrees

We will see it through

For our love is true

God bless our love

God bless our love

God bless our love

God bless our love
