I watched from afar as you gave her a jar  
and said "in this jar is my heart,  
Take it and we will never be apart".  
A smile on your face,  
You look like you're in outer space,  
And no ones there to ruin this moment.

### CHORUS

You were joined at the hip,  
Now you're joined at the heart,  
No jealous lover can tear you apart.  
You are all I see,  
I don't even know if she's pretty or not.  
I wish we could be joined at the heart.

There's a space in this place where your face and your  
name and your voice  
is my every thought,  
It's got me through every battle that I've fought.  
And time goes slowly with everyone but you,  
It's a shame she thinks so too.

### CHORUS

You were joined at the hip,  
Now you're joined at the heart,  
No jealous lover can tear you apart.  
You are all I see,  
I don't even know if she's pretty or not.  
I wish we could be joined at the heart.

### BRIDGE

And oh God please tell me,  
That I will find someone, eventually.  
And if it's at all possible,  
Let that someone be him.

### CHORUS

You were joined at the hip,  
Now you're joined at the heart,  
No jealous lover can tear you apart.  
You are all I see,

I don't even know if she's pretty or not.  
I wish we could be joined at the heart.  
You were joined at the hip,  
Now you're joined at the heart,  
No jealous lover can tear you apart.  
You are all I see,  
I don't even know if she's pretty or not.  
I wish we could be joined at the heart.
