I'm dead to sin, shedding my old self  
Dead to sin, shedding my old health  
I'm back now, new body and soul  
Crack down, Satan doesn't have control  
I'm free, feeling elevated  
up to a point I forgot where heaven's gate is,  
pass the joint Not the ganja, talking about a spiritual high  
That you get when you God is passing by  
I'm alive in Christ, feeling brand new  
Put on my dance shoes let's slide tonight  
Get live tonight, step in the name of love  
That I have for the ones that dwells above  
I will not let sin master my life  
I will not let sin cause disaster and strife  
I will not let sin shatter my sight  
I will not let sin grab my mic [chorus] 2x  
Am I dead to sin, alive in Christ  
Do I follow the man, do I strive for life  
Do I do what I can, do I fly with sight  
Am I dead to sin, I might rise tonight  
I'm a put an end to sin, no more talking back  
No more regressing, no more walking back  
No more lust, no more cigarettes butts  
No more gats to bust, or crack to flush  
No more booze, no more worldly rules  
No more stealing food, no more extermination of Jews  
No more rape, no more abduction  
No more hate, no more one night stands, no more cussing  
No more slavery, no more reservations  
No more adultery, no more temptation  
I can say more the list goes on  
God is the artist, all his pictures are gone  
Living Christ likeâ€¦scriptures are drawn  
To lead the wise leaving they physical torn  
Spirit reborn, resurrected, came back whole  
I'm dead to sin with a relaxed soul [chorus] 2x [bridge 4x]  
Am I dead to sin, Am I dead to sin  
Treasuring eternal life count count me in  
It's in with the new, out with the old  
Follow God and he will unfold  
The truest treasures Not stupid measures,  
I'm talking life here  
Walking these streets with white robes  
we in Christ gear Decked out, travel to heaven  
might take light years  
Standing my ground, overcoming sin,  
I'm right here God fearing man, I fight fear daily  
Looking to the sky giving praise to he who saved me [chorus] 2x [bridge] 4x
