

## Presidents of the United States of America, The "Body"

Visit "[Body](#)" on [MotoLyrics.com](https://MotoLyrics.com)

little salimander where did u go?  
edge of the yard, i found you you know  
all brown and hard

i cant get your body out of my mind  
i cant get your body x2

you go smooth through my body  
yeah  
through my body  
you go through x2

little killer froggy where did u hop?  
under the entertainment centre, realise you just  
couldnt stop  
worms found a hole in your booty they could enter

i cant get your body out of my mind  
i cant get your body x2

you go smooth through my body  
yeah  
through my body  
you go through x2

hey little lizard where did u slink?  
left your cage door open under the basement sink  
the dripping water made your moulded body eyes  
open

i cant get your body out of my mind  
i cant get your body x6
