

Presidents of the United States of America, The "Farm Foods"

Visit "[Farm Foods](#)" on MotoLyrics.com

Movin' to the country... gotta eat a lot of farm food
Movin' to the country.. gotta eat me a lot of farm food
Movin' to the country... gotta eat a lot of farm food
Movin' to the country... gotta eat a lot of farm food

Farm food's grown with a plant
Raised and planted by hu-mans
Riding tractories around
And no matter where I might stay
I'll eat farm food every day
Get it down at the grocery

Movin' to the country... gotta raise a lot of farm food
Movin' to the country... gotta raise a lot of farm food
Movin' to the country... gotta raise a lot of farm food
Movin' to the country... gotta raise a lot of farm food

Took a little sap from a maple tree
Raised some chickens to ???
And dreamed about green acres
Pushed my basket down the aisle
The supermarket stretched for a country mile
Nature's bounty for a ??? or pie

Yeah yeah, yeah yeah, yeah

Bushels of farm foods.. farm foods for me
Acres of farm foods.. farm foods you see
Truckloads of farm foods.. farm foods for me
Millions of farm foods.. farm foods you see
