Froggie jumped all over the stage that day

Rolling stone magazine... sucked him dry and made  
him king

Froggie let rip with a big burp

Mick Jagger kissin' froggies' lips... studying films of  
froggies' hips

His eyes are closed cause he's off in a world of ecstasy  
Where froggie folks get the froggie scene

Watch him jump!

The rocker doctor cam downtown to write prescriptions  
by the pound

And froggie spread it all around

Got 50,000 in his flock

He plays arena animal rock

He can barely stand up straight but somehow he does  
Make his way directly to the front of the stage and

Watch him jump!

The show is over... the bad is gone... the crowd is  
gone...

His girlfriend's gone... his make up's all been sweated  
off...

He's all alone...

He goes to fill that one last prescription...

The one with the deadly description...

He swallows it down

His brain explodes... his eyes implode... his tiny heart  
goes peuny pop...

His shiny legs refuse to hop... he floats on down...

To a burning place... he looks around... for a friendly  
face...

The band is there patiently waitin' for froggies' brand  
new sonic creation

He starts to ribbit... he starts to kick it

Rolling Stone magazine made him cry and missed the  
king  
Froggie let rip with a big burp

Froggie jumped all over the stage that day
