I wanna be a jazz guy
I'm playin' the greatest American music
I wanna be a jazz guy
An' play the greatest American music

I wanna learn all the chords
Solo till everyone in the room
Is bored

I wanna be a jazz guy
An' play black music for white people
I wanna be a jazz guy
An' play black music for white people

(And check it out)
I wanna learn all the chords
Solo till everyone in the room
Is bored

Beyond belief
I can't wait for the end of my solo
A sweet sweet relief

I wanna be a jazz guy
I'm playing the greatest American music
I wanna be a jazz guy
An' play the greatest American music

I wanna be a jazz guy
I'm playing the greatest American music
I wanna be a jazz guy
An' play the greatest American music

I learn all the chords
An' solo till everyone in the room
Is bored
