You're on the highway and Road Runner goes beep-beep  
Just step aside or you might end up in a heap  
Road Runner, Road Runner runs on the road all day  
Even the Coyote can't make him change his ways

Road Runner, the Coyote's after you (beep-beep)  
Road Runner, if he catches you your through [x2]

That Coyote's really a crazy clown  
When will he learn that he'll can get to mow him down  
Poor little Road Runner never bothers anyone  
Runnin' down the road his idea of havin' fun...

That Coyote's really a crazy clown  
When will he learn that he'll can get to mow him down  
Poor little Road Runner never bothers anyone  
Runnin' down the road his idea of havin' fun...

Road Runner, the Coyote's after you (beep-beep)  
Road Runner, if he catches you your through [x4]
