Standing up high on a mountain top  
Looking at the valley below  
Mary Poppins flies by on a rattlesnake and  
I burry my head in the Egyptian snow

Robert Goulet on the River Nile  
Blue moon winking at the sky  
Look ????? ??? in his big ol' smile  
Crowching in the weeds  
I watch the boat float by

They float by  
They float by

Meltromay kissing a camel lip  
His pinky ring glistening in the sun  
Back-up band is a monkey and a horse  
Mel can barely bow when the band is done  
Eating gourmet on a by-plane wing  
Her silver tooth blinding the crowd  
Pilot does a barrell roll flip and stallin  
And a chorus girl mosh pit breaks her fall

We brake her fall  
Brake her fall  
Yeah  
Do-do-do-do-do-do  
Hey...
