Don't you think you should have called
To tell me you were coming down
Oh you look so out of place
On this troubled side of town

It's a place where losers go
When they know there's nothing left
And after losing you
I just lost the will to live

Do you believe me now?
I told you time and time again
My heart and soul is in your hands
Do you believe me now?

Do you believe me now?
Look at the livin' dyin' proof
I ain't nothin' without you
Do you believe me now?

I don't know what changed your mind
I won't ask if this is real
I don't know if you're a dream
I only know how good it feels

If you could find it in your heart
To say the fire for me still burns
I'll find a place to turn around
Down this road of no return

Do you believe me now?
I told you time and time again
My heart and soul is in your hands
Do you believe me now?

Do you believe me now?
Look at the livin' dyin' proof
I ain't nothin' without you
Do you believe me now?
