When the words have all been said
And the songs have all been sung
Babe, I'll still be needin' you
And your shoulder to lay my head on.

When the stories have all been told
And tomorrow has come and gone
You know I still be needin' you
To take me in, to keep me warm.

Chorus:
Loving you is music to my mind
You're the rhythm in my song
It's melody alive
You give all the words special meaning
Loving you is music to my mind.

When the boys have lost their lives
And our dreams have past us by
You know I'll still be needin' you
To lay beside me, satisfied.

Chorus:
Loving you is music to my mind
You're the rhythm in my song
It's melody alive
You give all the words special meaning
Loving you is music to my mind...
