Once again, I slip back in the gin and settle in
Oh, my bottle and me sail out to sea to meet her again
That El Caf   Kartoum near a quiet lagoon where we
played and played
All the ladies sing your Caribbean dreams drinkin'
Tanqueray.

Chorus:

Tanqueray, take me away
You're a time machine that I need day by day
Tanqueray, take me away
Each time that I meet her gets sweeter and sweeter
Take me away Tanqueray.

Morning comes, takes me from, another night with you
So I hurry through what I have to do to get back to you
That El Caf   Kartoum near a quiet lagoon where we
played and played
All the ladies sing your Caribbean dreams drinkin'
Tanqueray.

Chorus:

Tanqueray, take me away
You're a time machine that I need day by day
Tanqueray, take me away
Each time that I meet her gets sweeter and sweeter
Take me away Tanqueray.

Each time that I meet her gets sweeter and sweeter
Take me away Tanqueray...
