Woman, sensuous woman
You control the world I'm living in
Woman, sensuous woman
Release my body and let me live again.

Step by step you taught me easy loving
Night by night you caught me in your web
My self control was overruled by passion
I couldn't see the heartache just ahead.

Woman, sensuous woman
You control the world I'm living in
Woman, sensuous woman
Release my body and let me live again.

--- Instrumental ---

Someone true at home, I should be with her
She don't know I crave her ecstasy
But many hearts would break if I don't conquer
This lustful spell you've cast all over me.

Woman, sensuous woman
You control the world I'm living in
Woman, sensuous woman
Release my body and let me live again.

Release my body and let me live again...
