See, there is this guy who
I've always wanted to talk to
But I'm always too shy to say hi
This thing keeps on growing
Some crazy kind of emotion
I try to keep it inside
But I can't

Fall into a dream
When I look in his eyes
I'm lost in the clouds
I'm up in the skies
He caught me gazing and I couldn't help it and now
I can't

I'm busted
I'm found out
He caught me no way out
There's no way that I can deny
If I did it would be a lie
So now I'm busted
So guilty
Surrender
Arrest me
And I shouldn't be surprised
It was only a matter of time
Till I got busted

My hearts beating so fast now
I didn't plan it but somehow
I'm happy though the damage is done
This thing that I kept so secret is out
A weight has been lifted
I suppose that I should say something now

Fall into a dream
When I look in his eyes
I'm lost in the clouds
I'm up in the skies
He caught me gazing and I couldn't help it and now
I can't

Iâ€™m busted
Iâ€™m found out
He caught me no way out
Thereâ€™s no way that I can deny
If I did it would be a lie
So now Iâ€™m busted
So guilty
Surrender
Arrest me
And I shouldnâ€™t be surprised
It was only a matter of time
Till I got busted

I can tell by the way that you smile
And I can tell by the look in your eyes
I was so blind no I couldnâ€™t see
Cause all of this time I thought it was just me
And suddenly Iâ€™m free
As you take another step closer to me

Iâ€™m busted
Iâ€™m found out
He caught me
No way out
Thereâ€™s no way that I can deny
If I did it would be a lie
So now Iâ€™m busted
So guilty
Surrender
Arrest me
And I shouldnâ€™t be surprised
It was only a matter of time
Till I got busted

Oooooohhhhhh â€¦.

Oooh, Ohh-yah, yeah â€¦

I got busted

Oooooohhhhhh â€¦.

Oooh, Ohh-yah, yeah â€¦

Till I got busted
