[Veronica]  
Hello

[Big Pun]  
Hello...  
Veronica, don't hang up the phone  
It's me, Pun  
I'm sayin, don't hangup  
Just hear me out

[Veronica]  
What?

[Big Pun]  
I know it's over, I know it's over  
But just let me come over for one minute

[Veronica]  
For what?

[Big Pun]  
So I can hold you in my arms one more time  
Just one more time so I can show you  
Nawumsayin?  
Show you what you're missin'

[Veronica]  
Time after time, when I'm alone  
I keep thinking of you babe  
And the way you make me feel  
And I get excited and I can't deny it  
'cause I know when I feel this way  
It just won't stay inside  
With all this love I have  
And I'm trying to explain  
That my heart can belong to you

1 - All I want  
All I need  
All I ask  
All I need is someone to hold  
Hold me

Hold me  
Hold me

Emotion is all I see  
But I gotta feel your hands on me  
Plain old words ain't enough babe  
I gotta have your touch  
'cause I'm wanting you so much  
Baby can't you see?  
Repeat 1

Baby, baby, baby

Repeat 1

Being next to you  
Is something that I wanna do  
Let me hold you  
I need you  
'cause no one can love you like I do

[Cuban Link]

One time, check it out, what  
Mommy I'll be there when you're lonely  
You can hold me like a teddy bear  
See, I really care for what you're feelin' here  
Tell it to me clear  
Be sincere, don't get shookup  
'cause I'm the Cuban crook who wrote the Book of Love  
So you could trust me suga'

[Big Pun]

When I look in ya' eyes  
I see the sunrise  
The way your tongue glides to the song  
Gives me the strongest love rise  
God was unwise to let the Pun find his perfect seven  
You're my earth and heaven wrapped up in one perfect  
woman

[Cuban Link]

I felt it comin' since the first song is on  
Now whenever you perform  
Even the birds sing along  
Bring the Dom Perignon and let's celebrate  
Elevate your state of mind  
Forget the headaches and just meditate

[Big Pun]

Honey, you smell great  
Your scent is even sweeter than peeled grape

You're like an L base with dust crushin' the real lace  
I feel ya heat already just knowin' I'm gonna be wit you  
But once I get a hold, I'm never gonna relinquish you

Repeat 1 until fade
