Take a look around
Our time's almost running out
Give back what you get
Uproot questions in your head

The looking glass is clear
What you want is near

Shoot out all the lights
Hold your ground, we'll hit the sky
It's time you aim your arrows high

Take down all the doubt
Cast it out, let's do it now
It's time we aim our arrows high

Sewn into your soul
This is out of our control
Be who you need to be
There's no other, you or me

The looking glass is clear
What you want is near

Shoot out all the lights
Hold your ground, we'll hit the sky
It's time you aim your arrows high

Take down all the doubt
Cast it out, lets do it now
It's time we aim our arrows high

The angst you hold
You gotta let it go, let it go
Said to myself I'm so alone but I'm never alone

I walk in war to find the impossible
Yes, we're hexed, stuck in a mess
We're all such a wreck

Shoot out all the lights
Hold your ground, we'll hit the sky

It's time you aim your arrows high

Take down all the doubt
Cast it out, let's do it now
It's time we aim our arrows high

Shoot out all the lights
Shoot out all the lights
Aim your arrows high
Aim your arrows high
