This doesn't make much sense
Think far out but I'm still locked in
I'm still lost, walking in circles
The floor swallowed me up whole
There's nowhere to go

CHORUS

There's a vulture on my shoulder
And he's telling me to give in
Always hissing right in my ear
Like it's coming from my own head
It's got me mixed up
Trying not to give up
Tell me there's a way to get out of here
Oh, fixed at zero!

I've learned to talk with my fingers
The only voice that wakes my ears
Oh, make my bones do something
Ever wanna just out of your skin
Anticipating til the sidewalk ends
There's nowhere to go
There's a vulture on my shoulder
And he's telling me to give in
Always hissing right in my ear
Like it's coming from my own head
It's got me mixed up
Trying not to give up
Tell me there's a way to get out of here
Oh, fixed at zero!

There's a vulture on my shoulder
And he's telling me to give in
Always hissing right in my ear
Like it's coming from my own head
It's got me mixed up
Trying not to give up
Tell me there's a way to get out of here
Oh, fixed at zero!
I'm fixed at zero!
