Abandon me!  
I was never one to hold out well under pressure.  
I was lost.  
I hope you can find me.  
I've got to find myself before I can move on this time.

Can we penetrate the barricades created by me?  
We know our mouths aren't locked through forced  
doors.

I can feel the tension in your words,  
Screaming for me  
To understand what you've been thinking.  
There's a cloud casting ore your head.  
Can't see anything clear,  
You're only seeing who you were.

Too far to reach I'll say.  
She's on the tips of my fingers.  
(He'll bless her heart one step at a time)  
Don't let her fall.  
There will be no return.  
The burdened act which brought us  
To a halt will someday make us stronger.

I can feel the tension in your words,  
Screaming for me  
To understand what you've been thinking.  
There's a cloud casting ore your head.  
Can't see anything clear,  
You're only seeing who you were.  
Clouds casting over your head  
Self portraits of what you once were  
She will break and shatter.  
There will be no return.  
Hold on tight.

Let's stop everything  
Exchange all that we know  
It's much better without having gravity holding you  
down from the air.

Take action.  
Stand up for what you once were.  
This is my time,  
Our time to make the changes that we want to make  
real.  
This is our time.
