Sorrow found me when I was young  
Sorrow waited, sorrow won  
Sorrow they put me on the pill  
It's in my honey, it's in my milk

Don't leave my haggard heart alone on the water  
Cover me in rag and bone sympathy  
'Cos I don't wanna get over you  
I don't wanna get over you

Sorrow's my body on the waves  
Sorrow's a girl inside my cake  
I live in a city sorrow built  
It's in my honey, it's in my milk

Don't leave my haggard heart alone on the water  
Cover me in rag and bone sympathy  
'Cos I don't wanna get over you  
I don't wanna get over you
