I wake up lonely, there's air of silence

In the bedroom and all around

Touch me now, I close my eyes

And dream away...

It must have been love, but it's over now

It must have been good, but I lost it somehow

It must have been love, but it's over now

>From the moment we touched till the time had run out

Make believing we're together

That I'm sheltered by your heart

But in and outside I turn to water

Like a teardrop in your palm

And it's a hard winter's day

I dream away...

It must have been love, but it's over now

It was all that I wanted, now I'm living without

It must have been love, but it's over now

It's where the water flows, it's where the wind blows

It must have been love, but it's over now

It must have been good, but I lost it somehow

It must have been love, but it's over now

>From the moment we touched till the time had run out

It must have been love, but it's over now

It was all that I wanted, now I'm living without

It must have been love, but it's over now

It's where the water flows, it's where the wind blows
