Just because you lost your heart

Did you lose your conscience, too

Why must you punish me

For what he's done to you

Hatred caused by injured pride

Made you lie and deceive

You can't get back at him

So you take it out on me

(Chorus)

An eye for an eye, a heart for a heart

You're makin' me pay for another man's crime

An eye for an eye, a heart for a heart

You didn't have one - so you took mine

It was just a game with you

With no feeling or regret

You thought by hurting me

It would help you to forget

Will I be like you are now

Will I do the things you've done

Will another have to lose

Before I can say I've won

(Repeat Chorus
