a toast to those who taste the glorious breath  
a sweet reminder stained on a lover's neck  
if it wasn't for this then I could hardly be  
the sadistic masochist that I am today

react and fall  
because this is war  
a truth a trust  
broken and torn apart

I'm planning all the words I speak  
just to keep you here

deign yourself and proclaim your fate  
a knuckle bled for you when twilight hit thin air  
lost among the searching sinners  
only for one last time I want to hear you scream

react and fall  
because this is war  
a truth a trust  
broken and torn apart  
this bed is certainly the last place  
that we will ever meet

deign yourself and proclaim your fate  
a knuckle bled for you when twilight hit thin air  
lost among the searching sinners  
only for one last time I want to hear you scream

I stole drops from the emerald sea  
This life is what will be the death of me

A snap hand comeback and I've got nothing to lose.  
A snap hand comeback and I've got nothing to lose.  
A snap hand comeback and I've got nothing to lose.  
A snap hand comeback and I won't let you in.
