This smoke sinks my eyes, well it's short work from the
mines. To where I'll

End up tonight.

The sound of footsteps echoing on Centuries of Streets
will be my, My Guiding

Light. The air is as Intoxicating as every substance she
could like.

But if I, If I should not return or your song remains
unheard, it would be a

***Damn Shame, but know this Every road I traveled
was a road meant back to

You.

I'm home, My darling Amsterdam. I couldn't stay away
for too long, Couldn't

Stay away for too long.

I'm Finally home, I know it seems the more it's only
passing through for one

Day, Maybe one day. My bones will come to rest with
You.

This station calls my name, Begs for me to stay. It
breaks my heart to board

That train, but with Time amount there's no way I could
stay.

So I crawl back to the coast just like I always do, Just
Like I Always Do.

A Thousand Day Delay, and The condition I was in. I
was a ***Damn Mess, but

Know this, Every day I plotted my escape route back to you.

I'm Home, My darling Amsterdam. I Couldn't stay away for too long, Couldn't

Stay away for too long.

I'm Finally home. I know it seems the more it's only passing through for one

Day, Maybe one day, My bones will come to rest with you.

Come And Rest With You!

(Solo)

If I should not return, or Your song remains unheard. That'd be a ***Damn

Shame, but know this every road I traveled was a road meant back to you.

I'm Home! My Darling Amsterdam!

I Couldn't stay away for too long, Couldn't stay away for too long.

I'm Finally Home!

I know it seems the more it's only Passing through for one day, Maybe one day

My Bones Are Born To Rest With You.
