This drug has eaten up my body
My cells are at the mercy of this plague
But the antidote is somewhere in this room
Or the antidote is gone

Don't let go, don't let go
'Cause this drug can't beat us both
Don't let go cause you're fighting for us both

These temple walls have been breached and now
they're broken
Ruins tell a story of every battle lost

Don't let go, don't let go
'Cause this drug can't beat us both
Don't let go cause you're fighting for us both

It's too soon to quit, but it's too late to try
Just keep me breathing, I won't let go
