Sometimes I think about all the good that has come into  
my life,  
It never fails when I think about it,  
There are some good things that stick out in my mind.  
Like the way that you love me,  
The way that you comfort me,  
The way that I feel down when I am far away from you.

Everything will come and go,  
Everyone has let me down at one time or another,  
So I would throw everything away,  
To make sure you'd stay,  
Cause nothings worth having without your love.

(CHORUS) You can take the bright lights, big house,  
money, nice cars all of that,  
I'd give it up for you,  
I don't need no diamond, rolex, limo rides, back door  
access,  
I'd give it up for you.

Don't misunderstand,  
I appreciate what life has brought my way,  
But if I had to choose,  
Between things and you,  
You'd win any day.

Cause number one things can't love me,  
Two they can't comfort me  
Or change the way I feel,  
When I am far away from you.

(CHORUS)

You know it's true,  
Nothing but love and keeping it real just for you,  
There's no need to trip,  
Cause there's no comfort in material things,  
Wherever I go,  
No matter how long I'm away,  
I'm giving it up,

Just for you.

(CHORUS)

Pre Chorus - Chorus (repeat till end
