My heart pounds whenever I see your face,

My lips form a smile at the mention of your name, (I
love to hear your name...)

When you left I swore that'd I'd be ok,

Said I needed quiet time,

Anyway,

Who knew that'd I'd be missin' you in the worst way,

And I can't sleep at night,

Because the quiet is so loud to me,

(CHORUS) I sit alone in the dark,

Now that I know you're gone,

And all I can hear,

Is my heart beating for you,

I can't escape that sound,

It's deafening,

And quiet can be so loud,

Quiet can be so loud.

It's hard to believe that you are moving on without me,

I lost everything cause I was too blind to see that you
were everything to me,

Since you've been gone girl,

I can't concentrate,

Your quiet speaks so loud,
I can't hear a thing.
Who knew I'd be missing you in the worst way,
And I can't hear my heart beat,
Cause the quiet is so loud to me.
I know I said we should move on,
Even tried to tell you baby you should be strong,
Like takes you through changes,
Deal with it as it comes out,
But now that I lost my baby,
All that I said is wrong.

(CHORUS
