CHORUS)

What's up with this attitude,  
Maybe you could show a little gratitude,  
Cause it took a ?? for me to even deal with you,  
Like I did for so long,  
What a waste of time.  
I can't believe you got the nerve to complain,  
Talking 'bout things aint's the same,  
Wasn't I the one who brought you out of the street,  
Baby let me give you a clue,  
Nothing I have belongs to you,  
If I had nothing you'd abandon me,  
Here let me remind you,  
I gave you love,  
and for what,  
To have it blow up in my face.

(CHORUS)

You've got to know that I won't stay for long,  
Girl, if you keep doing wrong,  
Taken everything,  
Ain't got nothing for me,

I'm not a fool,  
That's why I gave you my heart,  
An angel in disguise,  
Is what you are,  
Girl, if you're not happy feel free to leave,  
If I cute you off,  
It's for good,  
Ain't not coming back then,  
So think it through,  
Then decide how you wanna act with me.
