You got to learn a little history

Oldest man in Bible times

Name was called carmathusala Was 969
We had some guys come close

Almost ran for a thousand yards

davy quit, Julie got buried

Shoulda known it was just too hard
When we look back now

Those fellas seemed to live forever

but you just get annoyed

Yaa! Cause you don't want to believe it

Those guys were blessed with such long lives
Ya!
Ain't no use in explaining

If your gonna doubt the truth

Spend your life doubting the Bible

and that's the fountain of youth Yeah!
Standing knocking on your door

He told you you could live forever

I hope you understand

The truth is its now or never

These are the last days of your life

Oh Ya!
that should be something that sticks in your mind

Ohhhh!!! Jump!
Ya we're running out of time but young forget that they
need eternal life

To get something that last forever (forever)

Ya!

Ya!
And all the time where're ageing

Look at every wrinkle coming on

Some guys don't even live to be 16

Think about it while I end this song
Standing knocking on your door

He told you how to live forever

I hope you understand

Hebrews three says it's now or never

These are the last days of your life (Oh yeah)
That should be something that sticks in your mind (Uh-
huh)

That should be something that sticks in your mind (Oh-
yeah)

Read it in Romans 10:6-9 (Uh-huh)
That should be something that sticks in your mind (Oh-
yeah)

It should be something that sticks in your mind (Oh-
yeah)

It should be something that sticks in your mind (Un-
huh)

It should be something that sticks in your mind (Oh-
yeah)
