Daniel's with lions tonight in a cave
I can see their red pale eyes testin' his faith
Oh, and I can see Daniel waitin' to die
God, it looks like Daniel- won't be around in my life
They say its a pity though I can't intervene
Daniel, just was the best slave who ever served this
king
Oh, and, even so, I can't change the law
Lord, I'll miss Daniel- Oh, I'll miss him so much
Oh oh oh- Daniel, my governor
You are bolder than me- do you still feel so brave?
Are you more than a meal?
You'e wise and kind-but you face roarin' lions
Daniel, will they starve? Will your faith serve your life?
Oh oh oh- Daniel, my governor
You are bolder than me- will you still be the same
When tomorrow is here?
Will I start cryin'- will you see mornin' light?
Daniel, it's so hard- I'm afraid that you'll die
Daniel's with lions tonight in a cave
I can see an Isrealite's just what they crave
Oh, and, I can see Daniel prayin; for life
God, if You like Daniel
Just stay around him tonight
Oh, God, if You like Daniel
Just keep him out of those lions
