Yeah, they really got Him goin'
They got Him so mad there was trouble brewin'
Yeah, they really got Him mad
They got Him so mad He was not nice
Yeah, they really got Him mad
The Gospels show the temple was in ruins
Oh, Yeah, they really got Him mad
He started throwin' out the bad guys
He really got mad, He really got mad, He really got
mad

He called it a den of thieves
He only wanted to see it purified
Yeah, they really got Him mad
He stopped the show and said it's not right
Yeah, they really got Him mad
They bought and sold and kept the money movin'
Oh, yeah, they really got Him mad
They got His goat I told ya 10 times
He really got mad, He really got mad, He really got
mad

SPOKEN:

People seem to have a misconception about what the
Bible says about money
Some people think the Bible says that money is the root
of all evil
But what the Bible really says is the love of money is
the root of
All sorts of evil, all kinds of evil
Jesus Himself says that man cannot serve both God
and money
He will love one and he will hate the other
So, which one are you going to love -- God or money?
Now the love of money is not love at all -- it's avarice
And the only true kind of love is the love that comes
from above
The love of God, and God is love
And as you know from First Corinthians 13, it says

You ain't squat without love

The love that's gotten through the Lord
Ain't squat without love
It's like First John, chapter 4, chapter 4, chapter 4

See, it's in First Timothy
The love of money's evil, no lie
Yeah, you'll read in chapter 6
With food and clothes we should be satisfied
Yeah, you'll read that godliness
Is not just so we can keep money accruing
Yeah, you'll read that godliness
Just on it's own is immensely gratifying
We really want that, we really want that, we really want
that

Matthew 21:12
Jesus entered the temple area and drove out all who
were buying and selling
There. He overturned the tables of the money changers
and the benches of
Those selling doves.
