Want to read more!
Well, see, in Acts 17
The dudes were known as Bereans
And they read the Book
Each day when Paul was there
Now all of them are our brothers
'Cause they saw the answer there
Well, 1 Pete, 3:15
Tells me - we should be
Ready for the ones
That call on us to share
Why we have plans for forever
'Cause we saw the answer there
Well, you start that book
With a heart that looks
And an open-ended mind
Well, we can't prove what's right
If we don't know what's inside
So before too long we all should learn the Word
Now is your chance to discover
How I saw the answer there
