"Jesus"

He taught us on a mountain top
A sermon that was clear and plain
A sermon of duty and love
And Jesus was his name

He taught it
Yeah baby we caught it
Well, come to Jesus
And you'll find out he's your Messiah
Well, come to Jesus
And you'll find out he's your Messiah

(Break)

His lessons had us mesmerized
Amazin' every man he met
That was because my Jesus
Taught like no one else had

He taught it
Yeah baby we got it
Well, come to Jesus
And you'll find out he's your Messiah
Well, come to Jesus
And you'll find out he's your Messiah
