He's been through crucifixion, that cat's been through it all.

Christ's real, he ain't religion, God's Words gonna save your soul.

He's into new creation, proved it when he came alive.

He's God, are you a christian?

Forget those pagan lies.

He'll make you take your cross up, and go stand against the grain.

He'll make you leave this crazy life, and He'll take away your shame,

If ypu're truly born again, c'mon.

Let Christ in right now,

Livin' what Jesus spoke of

Don't pussyfoot around,

Livin' what Jesus spoke of

You'll live forever then, and your sins will He will dispose of.

He will bail you out,

Livin' what Jesus spoke of (x3)

Wake up, you know you're sinnin', and it's fun 'til it leads to hell.

He took your part and He took your punishment,

He wants to save me and you as well.

Your newer nature's goin'; to make your older friends complain,

But once you have a faith in him, you'll never be the same.

'Cause I think you're gonna change,

C'mon.

Let Christ in right now,

Livin' what Jesus spoke of

Don't pussyfoot around,

Livin' what Jesus spoke of

You'll live forever then, and your sins will He will dispose of.

He will bail you out,

Livin' what Jesus spoke of (x3)

He'll make you take your cross up and go stand against
the grain,
He'll make you leave this crazy life, but He'll take away
your shame.
Bite the bullet and get saved,
C'mon.
