### "Sin Can Be Resistible"

We cannot be invincible - but God provides the principle  
For Baptist or Episcopal - that any sin's resistible  
Sin's pervasive - can't ignore it - it's a powerful force  
But He'll provide a way out when there's no other door  
And you can stay put or leave - but now I've found that  
Sin can be resistible  
Our lusts can be so powerful - that sin seems unavoidable  
But James says if we resist the devil,  
He'll run away so miserable  
It's a natural law - that no temptation befalls ya  
'Cept the kind that is common to the rest of us all  
It used to look good to me - but now I find that  
Sin can be resistible  
Please hold tight - there's no tellin' when he'll run away  
Jesus Christ tells the devil where to go  
Sin's unavoidable but that don't mean we'll fall  
Read First Corinthians verse 10:13 because  
God made a promise, baby, Satan ain't allowed  
To tempt us more than we can bear I've found that  
Sin can be resistible...  
LEAD  
Our weapons aren't shootable - but truth is irrefutable  
Our struggle isn't physical - so fight him with the biblical  
Jesus faced him in the desert - he's a powerful tempter  
Even Christ could have fallen - but you know He knew better  
He used the Good Book you see - that's how we find out  
Sin can be resistible...
