Standin' there, they knock at your doorstep  
Tryin' to make you part of their plan  
They hand you a tract, say they wanna come back  
You know, they said that Jesus just was a man  
Christ is more than a teacher  
I know He's God -- can't you see  
The way that I know is:  
There's lots of proof when I read  
Titus 2:13 says that Jesus  
Is our God and savior so great  
Peter and Paul say the same thing by the way  
You can check Second Peter 1:1 today

CHORUS

From there it's to the letter to Hebrews  
Talkin' how God's Son is unique  
In Hebrews 1 verse 8 the Father truly does say

He says His only Son is God, yes indeed

CHORUS

Isaiah chapter 43, Jehovah says,  
There isn't a God or savior except for me  
That's why the Christ said, obey or you're dead  
You must believe I am to save your souls... Think!

Maybe I should check the beginning

Reading John 1:1 for a snag

"And the Word was God." It's just as I thought

It's lookin' like it's truly a fact

CHORUS

Lots of other things you can show them

If they stage a counterattack

Remember to pray, then you really can say

"I'd like to have the both of you back!"

CHORUS
