Let me know what I've done wrong
That You won't respond at all
I'm going down this time it's true
If You wait then I am through
Tell me how You are not awake
Right now facing a hurricane
You are the only one asleep You know

Lord please move -- I'm turning a little seasick, turning
a little seasick
Lord help us at once or we'll be just another shipwreck
Sitting on the sea bed, I mean you no disrespect
I'm turning a little seasick
You have to know

Lord preserve our fragile lives
If the next wave we survive
I don't think now's the time to snooze
Chapter 8 here in Matthew
Help please now or we'll all be dead
While You lay on a waterbed
You are the only one asleep you know

Lord please move -- I'm turning a little seasick, turning
a little seasick
Lord tell me now what did You think when You fell
asleep and
Did You count Your sheep then?
Hope that You can keep them
From going off the deep end
You have to know

Lord wake up or we'll die
The water's getting high
It's filling up the boat
And You're our only hope
Please make things all right
Save us Lord Christ

I need you -- I'm turning a little seasick
I'm losing my lunch for sure I wish I didn't eat it

I need You -- I'm turning a little seasick, turning a little seasick
Lake Galilee's wonderful now if the weather's decent
It hasn't been of recent, we're in a stormy season
I'm turning a little seasick, turning a little seasick
Turning a little seasick -- You have to know
You have to know

Matthew 8:24

Without warning, a furious storm came up on the lake, so that the waves swept over the boat. But Jesus was sleeping.
