Wake Up Talitha Cumi
Wake up, Talitha cumi, wake up!
Wake up, Talitha cumi, wake up!
The girl's just sound asleep
Why cause this commotion and weep
So move on over if you're in shock
And clear this unbelief
Wake up, Talitha cumi, wake up, Talitha cumi
Well ... trust in God, I tell your mama
Trust in God, I tell your pa
Trust in God when all your friends they nay say
Prove them wrong
Wake up, Talitha cumi, wake up, Talitha cumi
Well, they told your mom and dad you were dead right
then
Well, you'll be raised so looks like they goofed again
Wake up, Talitha cumi, wake up, Talitha cumi
You gotta have hope

[CHORUS]

The mourners must've forgot
They're pickin' out burial plots
They failed to see that you have booked
Your resurrection with God
Wake up, Talitha cumi, wake up, Talitha cumi
Well, what we've done they'll tell in Mark 5
But for now we'll tell no one
What we've done they'll tell again in Luke 8
You got up!
